

Pitch, Hit & Run Participant FAQ's

How can I get a Local competition in my community?

You may download this [flyer](#) to take to your local youth organization. The flyer will provide them with an overview of the competition and encourage them to host.

I want to register my son/daughter. How can I find out where my nearest Local competition is?

You may view an online listing of Local competitions on our website during Spring Training (February/March) to find out where your closest Local competition(s) will take place, which will be made available in March.

If I find a competition I want to attend on the online listing, should I just show up?

No. You should first contact the local host or pitchhitrun@mlb.com to find out more about the competition you're interested in. This way, you can find out if a competition is rained out or the date/time/location has been updated.

My child won at his/her Local competition. Where do we go from here?

Your Local host should have provided or will be providing you with Sectional information. Your child must attend the Sectional to be eligible to advance to subsequent levels of competition. If you have not received Sectional information from your local coordinator by the first week in May, please email pitchhitrun@mlb.com immediately.

My child won at his/her Sectional competition. What happens next?

Your child's score will be compared with the other Sectional winners in the same age group for your MLB Team Championship market. If your child's score is one of the top four in his/her age group in your market, he/she will advance to the Team Championship competition.

All Sectional winners will be notified by PHR National Headquarters as to their advancement. Parents should NOT contact PHR Headquarters, as we will notify you as soon as we are able to determine advancement.

What is the age cut-off date?

Your child's age as of July 17, 2008 will determine his or her age in this year's competition.
